

Statement in support of nomination for laido Grading Officer - Judith Farncombe

The skills I can bring to the post are many, they include: secretarial skills; IT skills; administrative skills; management skills; and a deep understanding of passing and failing gradings in the world of laido. The post requires leading a team of helpers so that Grading Days can run smoothly for all; for those who are taking a grading, officials running a grading, and examiners adjudicating a grading.

I believe strongly that we are a family, and as such, we help each other within our means, whether it is time, money (BKA membership fees), or involvement at a club level. I feel that I have enough time to be able to fulfil the commitment needed for this post; with the support of those currently involved in helping at gradings, as I will be merely joining, and leading, a group of established helpers.

Some years ago I was Membership secretary for the BKA and fulfilled that post to the best of my ability at that time. I would do the same for this post, giving it due process, care and attention. I thank you for any support you care to give my nomination.
